## WHAT IS THE TRIPLE CHOICE DENTAL PLAN?

The Triple Choice Dental Plan allows each employee the choice of enrolling in the Alpha Dental Plan (ADP), the *CarePOS* Dental Plan (POS) or an Insurance / PPO Dental Plan. There are in excess of 1,100 providers in Colorado and approximately 91,000 provider locations nationally who participate in either the Alpha or *CarePOS* dental networks.

There are many advantages to this flexible arrangement.

## **Option #1 and #2**

### **Dental Plan Highlights**

**Cosmetic dentistry included**

**No waiting on any services**

**Orthodontics (braces) discounted for children and adults**

**No forms to complete**

**No age limits for members**

**No limit on visits**

**No exclusions for dental health conditions**

**No limits on access to discounts (use as much as you like each year)**

**Guaranteed acceptance**

10. Services provided by non-participating dentists are not covered.
11. Services which, in the opinion of the attending dentist, are not necessary for the patient's dental health, or are contrary to established dental ethics are not covered.

**CarePOS Plan General Limitations**

This is a discount program. This is not an insurance plan. Careington cannot guarantee specialty care in all areas. In cases in which you are referred to a participating specialist, you will generally receive 15% to 20% off their usual and customary fees. Please verify such benefits with each individual provider. Work in progress, after joining the plan, must be completed by the provider who started the work. Any procedures performed by a non-participating provider are not included. Careington International cannot guarantee the continued participation of any provider. If he or she leaves the plan, you will need to select another provider. Not all types of providers may be available in your area. Some providers may charge for missed or broken appointments if no prior notice is given. It is the member's responsibility to verify that the provider is a participating provider. This plan does not include all procedures which might be provided. Any procedure delivered which is not listed on the Schedule of Services may cause additional cost to be incurred by the member. The dollar amount specified adjacent to each procedure may not be the only cost incurred for a given treatment because the treatment may require more than one procedure. Note to Utah Residents: This contract is not protected by the Utah Life and Health Guaranty Association. The program and the program administrators have no liability for providing or guaranteeing service and have no liability for the quality of service rendered. The most widely used dental procedures, discounted fees and limitations are illustrated. Please contact Beta Health Association, Inc. at (303) 744-3007 or 1-800-807-0706 with any questions.

1. For an employer group to be eligible for Takeover Benefits, at least five employees must enroll in the Companion Life plan at the initial open enrollment.
2. In order to provide Takeover Benefits, your employers current dental plan must have been in effect continuously for at least 12 months.
3. All employees covered on the effective date with continuous coverage from the prior group plan are eligible for Takeover Benefits. Waiting periods will be reduced by the amount of time covered under the prior plan.
4. Takeover Benefits must be requested when the group is submitted for coverage and are subject to the approval of Companion Life.

Benefit payments are based upon the allowable charges in the area in which the service is provided. Any Dentist charges above this allowable fee are not an eligible expense. A monthly billing fee of \$1 per covered employee per month (not to exceed \$10 per month) will also apply.

**Note:** *This a general outline of covered services and does not include all the covered services, limitations and exclusions of the policy. See your certificate for specific details.*

## Limitations and Exclusions

Covered expenses will not include and no benefits will be payable for :

1. For any treatment which is for cosmetic purposes or to correct congenital malformations, except for medically necessary care and treatment of congenial cleft lip and palate.
2. To replace any prosthetic appliance, crown, inlay or onlay restoration, or fixed bridge within five years of the date of the last placement of these items, unless required because of an accidental bodily injury sustained while the Insured is covered. Replacement is not covered if the item can be repaired.
3. For initial placement of any prosthetic appliance or fixed bridge unless such placement is needed because of the extraction of natural teeth during the same period of continuous coverage. But the extraction of a third molar (wisdom tooth) will not qualify the item for payment. Any such appliance or fixed bridge must include the replacement of the extracted tooth or teeth. Coverage does not include the part of the cost that applies specifically to replacement of teeth extracted prior to the period of coverage.
4. For the addition of teeth to an existing prosthetic appliance or fixed bridge unless for replacement of natural teeth extracted during the same period of continuous coverage.
5. For any expense incurred or procedure started prior to the Insured's current period of continuous coverage.
6. For any expense incurred or procedure started after the Insured's insurance under this section terminates, except for a prosthetic appliance, fixed bridge, crown, or inlay or onlay restoration for which both (a) the procedure begins before insurance ends and (b) the item's final placement is within 90 days after insurance terminates.
7. To duplicate appliances or replace lost or stolen appliances.
8. For appliances, restorations or procedures to:
  - a. alter vertical dimension;
  - b. restore or maintain occlusion;
  - c. splint or replace tooth structure lost as a result of abrasion or attrition; or
  - d. treat jaw fractures or disturbances of the temporomandibular joint.
9. For education or training in, and supplies used for, dietary or nutritional counseling, personal oral hygiene or dental plaque control.
10. For broken appointments or the completion of claim forms.
11. For orthodontia service or for any services associated with orthodontic therapy when this optional coverage is not elected and the additional premium is not paid.
12. For sealants which are:
  - a. not applied to a permanent molar;
  - b. applied before age 6 or after attaining age 16; or
  - c. reapplied to a molar within three years from the date of a previous sealant application.
13. For sub gingival curettage or root planning (procedure numbers 4220 and 4321) unless both x-rays and depth summaries of each tooth confirm the presence of periodontal disease involved.
14. Because of an Insured's injury arising out of, or in the course of, work for wage or profit.
15. For an Insured's sickness, injury or condition for which he or she is eligible for benefits under any Worker's Compensation Act or similar laws.
16. For charges for which the Insured is not liable or which would not have been made had no insurance been in force.
17. For service which are not recommended by a dentist, not required for necessary care and treatment, or do not have a reasonably favorable prognosis.
18. Because of war or any act of war, declared or not, or while on full-time active duty in the armed forces of any country.
19. To an Insured if payment is not legal where the Insured is living when expenses are incurred.
20. For any services related to: equilibration, bite registration or bite analysis.
21. For crowns for the purpose of periodontal splinting.
22. For charges for: over dentures, and associated precision or semi-precision attachments and any related Endodontic treatment associated with it; or other customized attachments.

### **Predetermination of Benefits:**

As a service to protect the Insured, Companion Life will provide predetermination of benefits for recommended treatment plans that exceed \$300. This predetermination of benefits explains which of the recommended procedures will be covered and at what amount. This benefit helps insured's better understand their coverage. The Insured or Insured's Dentist should submit the treatment plan to Companion Life for review and predetermination of benefits before the service begins.
